As a young engineer with the Army Corps of Engineers I learned a lot from Elmer. He was a true professional at his work and when he helped put on a public meeting, if anything failed, he always had plan B in place. But everything usually was executed without a hitch. Elmer was very good with all kinds of people and I really enjoyed working with him and hearing the stories he would tell of past experiences. He was really missed at the Corps when he retired. I look forward to seeing Elmer again one day – what a reunion that will be. May the Lord bless you all and comfort you in the days ahead.

Faye and Family, so sorry for your loss. Billy and I both worked with Elmer for years and there was not a more pleasant person to be around. We considered him a dear friend. I hope you know how much Elmer thought of his family because he spoke of all of you often with love. I hope your days without your loved one will be easier because of the love you shared with him.
