From Nancy's Christmas collages, I feel like I know you. She told me that she kept her cards every year, so I started holding on to mine every year too. Both of us were so cold natured that we wore turtlenecks into the middle of April. I knew that a lulu was coming when she tilted her head and raised her eyebrows! She was treasured. Hence, known as "Queen" at The South's Grand Hotel.

Nancy was such a bright spot with her hearty laugh and great smile and she was so very talented. We worked together at Country Day School and then just the two of us in Memphis at TriMark of Greater Memphis. She was responsible for me becoming active in what was then called Memphis Advertising Federation and also sent me on an interview which resulted in a position at RODNEY BABER & COMPANY (BABER, INC.) for 23 years. I last saw Nancy when she was in Rehab at the Memphis Jewish Home and Rehab Center and we had many laughs about the old times – at least the ones that each of us could remember. I loved her as a very special friend and will miss her, but I always have such wonderful and funny memories of our trip to Montego Bay, Jamaica and other times that we were blessed to spend together. Jeff, Chris and Rob – thank you for being there for your Mother as she had always tried to be there for you. She will definitely be missed by many.
