Though almost three years late, having just discovered today, April 5, 2020, of the passing of Ofelia, I wanted to share a thought and a prayer of thanks for her life, lived fully and well. This certainly comes as a shock. Ofelia was the kind of person whom one can't believe would not live forever. She freely gave me her unconditional friendship from 1975 onward when I worked in Memphis as a chaplain in the Memphis Institute of Medicine and Religion for a year. The last time I saw her was in the spring of 2010, when I briefly visited with her in Memphis. I am grateful for her friendship and for the life of service she gave as a nurse. I will remember her for the rest of my own life. I have no doubt the many whose lives she touched will as well. Travel well, Ophie. Thank you.

I remember first meeting Ophie in the early 70's as she was beginning her nursing career at the Med. We both had apartments at Golden Haven and later at the Techno Apartments on Jefferson. We attended many Filipino parties and really enjoyed our Mah Jong parties with Dr. Donato and friends. We bowled several years in Bartlett with Ben and Erlinda Amaba and Renato Moraga. I doubt I would have had as much fun and social activity as I had with Ophie and the Filipino community. We once rented a van and 15 of us went to Jacksonville FL for a Filipino wedding and later to Orlando and Disneyworld. Trips to West Chicago visiting my grandmother and uncle were also fond memories I have of Ophie. I last saw Ophie at Costco a few months ago and she looked fine. I was extremely sad to hear of her passing as she was truly a wonderful person. Dennis Burrow

I remember when I and some of my co-workers were just starting out in this big world of nursing, you taught us so much in education. I will we all will miss you dearly. I guess God needed another great nurse with him in Heaven. Rest well Ofie till we all meet again. JoAnn Holloway- Robertson

I will always remember Ofie smiling and warmly guiding me-a new nurse in 1991 and showing by example how to be a nurse at the Med. Thanks Ofie. Rest on my friend. Ruby Larry
