My sincere condolences to the family of this wonderful caring person. I have worked with Lib for 10 years and she was always so kind, and caring to her coworkers and her patient's. As we moved around the building I lost physical access to her but would email and IM if I needed something and she was quick to respond with a kind word and desire to help. She will be missed but I know she goes to a better place. Phyllis Crockett

I had the privilege of working closely with Lib a couple of years ago. After that ended, she was always someone that I would make the time to visit with when I was in her building. Her warmth, kindness, and humor marked her as a special person. She will be missed, and more to the point, I will miss her.

There really are no words when something like this happens, especially when it is so unexpected. Lib was very loved and very special and she will be missed terribly. It says a lot about a person when you work with her for years, have sporadic contact after you've gone your separate ways, but still have nothing but fond and positive memories. I'm so glad she was a part of my life. Erin and Linda, you are in my prayers. Charlene Coleman
