I will never forget the MANY nights we would talk at 2 or 3am while you were at work at the hospital, when my mind was so full of stuff. You always knew how to make me laugh and forgot all the stuff going on in my life. You always had time for me, no matter what and still had time to take care of your family as well as mine. I will always cherish those moments forever. My heart can't even imagine you not here anymore, but I have peace knowing that you are safe and watching over all of us. We will meet again my sweet, beautiful friend. I honestly love you to the moon and back and then some.... Always and forever in my heart, soul, and your spirit will always be with me...I Love You, Maxine
