We have owned many Airedale terriers bred by Betty. I have so many fond memories of spending my Saturdays at her kennel learning how to groom and care for Airedales. Those wonderful days will remain in my memories forever. We have also shared many days, weekends, holidays and trips to national specialty shows together. In addition, we would have dinner with her frequently at our home or at restaurants where we all were regulars. We will always remember her kindness, her smile, her humor and her class. She was a true southern lady. We thank her for also providing us with such wonder Airedales to grace our home and the homes of so many others across the country. Betty, we will always remember you now that you have crossed that rainbow bridge.

I purchased my first Airedale terrier from Betty in 1983. We became good friends and she became my mentor. We shared many days together over the years, we attended our national specialty together for many years and I visited her at her home. She was always the picture of a southern lady and I will always miss her. RIP my friend.
