Mr. Farrow was my algebra teacher in the 90's. I didn't do well in math, but since I have left school; he has remained in my thoughts and I just happen to search for him, is how I found this out . I am so very sorry . He was funny , very smart and spoke of his family and many stories he would tell us. He was also in my mothers year book . I just wanted to offer my condolences to the family and let you know I am now almost 40 and he has truly made a memorable experience in school, and always made us laugh in class.

Tim Hardin fondly remembers Troy coming to fish on his family farmland when tim was a kid. Tim had never fished with anything but worms. Troy taught him a lot about artificial bate. And made him a better fisherman. Thank you, Troy.
