From the Staff at MidSouth Pain Treatment Center, aka Michael E Steuer, MD, PC....we are loss for words when we received the email notification. William was such a pleasure to work with and was always on top of helping our clinic handle emergency situations with our software. Some of us have spent many of training sessions with William and his kindness, thoughtfulness, and training abilities to teach us about Centricity was one of a kind. He will definitely be missed by our office and the staff. May God give your family peace during this time and we will continue to pray for you. RIP William...you will be missed by many.
