Aram Sarkis Hanissian MD

MAR 20, 1929 - FEB 10, 2021

Our beloved father and grandfather, Aram Sarkis Hanissian died peacefully at his home on February 10, 2021 at the age of 91, surrounded by his family.

He was born March 20, 1929, to Sarkis and Helen Hanissian. His idyllic childhood was a peaceful one in historic Armenia, on his family's olive plantation. Forcibly displaced to Lebanon at the age of ten (one of the final chapters of the genocide beset upon the Christians of Anatolia in the early twentieth century), he helped build a village in the ruins of Anjar, Lebanon, in the Bekaa Valley. Resilient, brilliant, and hard working, he earned scholarships to parochial schools, matriculated at Oxford University, and the American University of Beirut (AUB), where he was awarded his degree in Medicine. It was at AUB that he met Alice Terzian, a vivacious freshman who was his lifelong love.

Marriage and a first child, Talynn, was followed by a move to the U.S. for a residency in pediatrics at the University of Chicago. The young family then moved to Memphis for Aram to enter a fellowship in allergy/immunology, followed by a fellowship in rheumatology. He joined the University of Tennessee faculty where he helped educate medical students and residents. He published extensively and wrote a textbook of pediatric rheumatology which predated the establishment of the subspecialty board by more than a decade. As part of the initial CF Club in the 1960's, he established the first cystic fibrosis center in the 1970's, serving as its medical director. He continued to care for cystic fibrosis patients in his private practice into the 1990's.

Despite his busy medical practice he spent quality time with his children, Talynn, Greg and Ara. He was a kind and loving father and a role model. His physician children remember his wise words and careful guidance in their careers. His son Greg joined his successful private practice in allergy and rheumatology in 1996, and they practiced together until his retirement in 2013. Aram was known for his warm, caring, loving attitude toward his patients, who were his extended family.

Obituary

Aram Sarkis Hanissian MD

MAR 20, 1929 - FEB 10, 2021

Aram enjoyed working on his farm, and traveling the world with Alice. He spent winters in Naples, Florida where he had made many dear friends. Above all he was a loving father, grandfather and a devout Christian.

He was preceded in death by his parents Sarkis and Helen, his wife Alice, siblings Arshalous, Hovanness, Hrant and their spouses, his sisters-in-law Pepron Handian and Sirvart Terzian. He is survived by his children Talynn (Artin), Gregory (Kelly) and Ara (Gina) Hanissian, his grandchildren Avniel, Chana, Yeshaya, Yaakov, Yonatan, Miriam and Raizel Adler, Andrew, Elena, and Lily Hanissian, Alise, Gregory, Ara James Hanissian and Armen Hanissian and four great grandchildren.

Those who wish to honor his memory, may make a donation to a charity of the donor's choice.

The family intends to have a memorial service at a later date.

The gentle loving care he and his wife Alice, gave to my daughter, Branden. She has grown to be a beautiful healthy person. Thank you for helping her and her health.

I know this is random and long past due, but I am from Morristown Tennessee. At the age of 5 I was diagnosed with juvenile rheumatoid arthritis. My mother, who was an LPN happened to hear of what a wonderful physician Dr Hanissian was and we flew to Memphis where I became his patient for several years. I recall him and his wife Alice always showing such kindness and care when I was at his office. I was never scared, which means so much as a child who often frequented doctors offices. I just happened to think about him and looked him up to only see he had passed in 2021, which was also the year I lost my mother. I am now 48 years old and also work in healthcare. He will forever be an important part of my life and helped me so much.

This is a beautiful remembrance of a truly beautiful human being. It's been a great source of comfort and joy to be an unofficial part of this family for so many decades, and I'll always remember our gatherings, especially at Thanksgiving. We had some terrific conversations over the years, and Papa Hanissian was always so supportive of me, and of Marshall and Paul, not only in our personal lives, but also in our chosen professions (music, in all cases). I'll miss him.

Dr. Hanissian was more than a doctor to my daughter & family. He was a great wonderful person & friend to my family. He was Cindy's doctor for many years at LeBonheur treating her for Lupus. I saw Mrs. Hanissian many times also. A dear sweet lady. Dorothy Fincher Mitchell
