Mobley family, Jim has been a huge champion for me and the work I do. He has believed in me more than I believed in myself some days. Jim made my stressful days better without fail and always had me laughing with a great story or his understated humor. I am sure many others have had the same privilege and have been grateful to meet such a kind soul. I feel so lucky to have been his coworker and I hope to continue to work hard to bring the type of comfort and joy he brought to so many people. I hope you are surrounded by love, comfort, and support through this all.
