Do you remember the last night I saw you, which was on October 25, 2023? I took you to your house around 11 o'clock at night after work, then we were talking and laughing, and I fed you after the food, which I don't know if you ate before you died ❤️ Before you entered your house, you hugged me and I don't know why I had a feeling to look at you as you enter your house! I didn't know it was the last look, the last talk, the last laugh and the last hug for us, Zak! I'm curious to know what happened? Is it possible that those who live with you didn't hear a noise and screaming and you need help? I'm sure you died on Thursday, not Friday, because your boss told me that you didn't come to work on Thursday, and I'm sure you struggled and tried to resist asking for help but to no avail! My heart hurts a lot when I imagine the feeling that came to you when the last minute came to you ❤️ Turk, you tried to call me and you couldn't? I don't know why I feel that you tried to ask for help, but you couldn't ❤️ and I know that I came to your mind at your last moment ❤️ I also know that I was the last face you saw before your death ❤️ What only comforts me is that I gave you a lot of happiness, love and tenderness as you would like to see 😊 The idea that I will never see you again breaks my heart ❤️ They told me that God sent you to Zach's life for his happiness, well and what about me? My heart has been broken since you left. I smile, but not from my depths. I love you and miss you and I will stay by your side as I promised you ❤️

Zach... Do you remember the green T-shirt you slept on one day before you died, when I was playing with your beautiful blonde hair, when I told you that I was scared and you told me not to worry, I still keep the shirt until today, your smell is still on your clothes, do you also remember the first time we met and how strong the chemistry between us is, do you remember when I hugged you while I was sad? I felt that something was going to happen, then I realized that your death was the event that broke my heart ❤️

Aunt Jamie, thank you very much for those wonderful words, in fact I still live in the hope that Zach will return to life, what comforts me the moments when I remember that I was a cause of his happiness in his last days, he was a wonderful person with a great heart, I don't know how I will continue in my life without looking at the color of the sea in his eyes, and without playing with his beautiful curly hair, I don't know but I need to hug, I know that it is not easy to watch Zach's bed and his belongings, you are a strong and beautiful mother and Zack loved you, he even told me how you were hugg him and kissing him as soon as he saw him, I wish I could hug him before bury him to see him, and I wish I knew you in better conditions, it is definitely in my heart forever, peace be upon you and Uncle Adam , I hope you are well 🙏❤️

Maybe I feel pain because I haven't accepted the idea of your departure, it's been a whole year since your death and I'm waiting for you to come back and tell me that you didn't leave, and that everything that happened is a lie in order to receive your treatment, I'm still waiting for the surprise you hide for me, I want to play with your hair, and look at the color of the sea in your eyes, I want to laugh from my heart as I was doing with you, I want to hug you and tell you that I feel like you will leave soon, I want you to come back and fulfill the promise you made to me that you will leave those poisons, and I promise to stand by you forever, hug your grave, your clothes and your mother gave me your mother gave me, you will remain the most beautiful thing that happened in my life, Zach, because you are the truest, most trues ... I miss you so much and I love you so much ... your pearl ❤️
