“ When we moved to Memphis in 1986 Buddy was one of the first to befriend me and my family. If I ever needed anything Buddy was right there. He often said we should open a tee shirt store in Destin. I loved his stories about Memphis and growing up and never had a bad word to say about anyone. I loved Buddy and will cherish my memories with him forever. Rest well Buddy, you were one of kind.

“ Hey Buddy, Just got the news and wanted to say thank you for all you did for me in the early years of my career. You took a chance on a rookie when you hired me at Union Planters Bank in '78. You taught me a lot for the next few years when we were downtown and when IBG set up shop out east. We had some great times and you made a lot of people laugh with you antics, stories. I think you genuinely cared for people from you best clients down to the maintenance men. You where a very special guy and I love you and will miss you. I hope you are with Vining now on that big sales floor beyond.
