“ Dear Jeffrey, Chris, Beryl, Michael, Bradley and family,
Love and peace to you all at this time. I miss my brother, your father. He was very proud of you all. We both loved the outdoors and all the seasons, winter with great snow falls and spring, when he would shoot pheasant. One memory is when he would teach me to drive while he hunted for pheasant. I would wait in the car and he would always catch a delicious pheasant dinner! He was a great brother and I will miss him dearly.

My deepest condolences to you all,

Love and peace,
Aunt Lucille

“ My thoughts and prayers for my Mokros cousins at this time over the loss of your father.
I didn't get to see or know my Uncle Percy too much over the years but when I did he was always kind to me. When my mother (who was always proud of her brother and concerned for his well being) had her stroke we got to speak more. I appreciated his concern and support at that time. I am glad I got to talk to him this year before he passed. If people gather in heaven in any way, I hope he is with the Mokros family and Tom maybe having a heavenly beer together. Sweet peace for my Uncle Percy.

“ Bradley, Michael, Beryl, Chris and Jeff,

John and I are very sad to hear of your father's passing. We have great memories of Percy from our CTK years and the fun New Year's parties at your parents' house. There is one memory of Percy from January, 1991 that I will never forget. It was the night of the kickoff to Operation Desert Storm and our phone keep ringing because so many knew Scott was involved. Family, friends and neighbors called to say they were praying but the call I remember so vividly was from Percy. How he knew we do not know but he called to say he was praying for Scott. That meant so much as we knew he had not seen Scott in years. Such a sweet, kind gesture that meant so much to us. We are praying for all of you and your families.

“ Bradley, Michael, Beryl, Chris, Jefferson, I am so sorry to hear of Uncle Percy's passing. Mom always had certain photos on display, one of them was of your Dad in his lab coat at St Jude's. She was so proud of her brother. 30 years ago when Sue and I were living in Dallas TX before our boys were born we took a last minute trip to Johnson City to see my folks. We were only going to stop over night in Memphis and hit it early the next day. I decided to call your Dad and he invited us over for a late dinner of pizza and beer. Your mom was busy with a church project and I believe you guys were mostly in college or working. We sat in your kitchen and talked for hours, finished all the beer. Sue really liked your Dad. I learned some great techniques for keeping my feet warm while hunting. We are thinking of you.

“ Dear Mokros Family,

Our friendship spanned 47 years beginning in 1973 when I went to work at St. Jude's. Your dad helped me in so many ways he'd practically become a father figure by the time I

returned to Clarksville, As you're aware we were afield many times over the years.....sharing memories, laughing, enjoying God's masterpiece of nature. Please call me anytime you wish to hear some of the stories.

In deepest sympathy to each family member on the loss of a great gentleman and father.

“ Dearest Family,

I loved my Uncle Percy. He was one the guys I looked up to as a boy. A gentleman as well as an inveterate outdoorsman. When I was 4 or 5 and he returned home from Korea he brought me the coolest wooden batteries powered motorboat. Played with that thing in the bathtub until it would not go anymore. He gave me crystal radio that I still have. A very thoughtful and kind man he was. If other men in the family will be the male role model that Percy was we will all be better off.

Rest in the Peace that only Christ provides Uncle.
