“ *She was fun to work with at the sheriff's office in Portland OR. I know how you feel, Ron. But this is just a temporary separation! John Zalas*

“ *Susie is a dear and cherished friend. In her earthly life, we shared a love of good books. Susie had a vast library and happily supplied me with a never-ending source of excellent reading material. She has a delightful personality and a well-developed sense of humor, and I have often been amused by our mutual love for Snoopy, the adorable Peanuts cartoon character. I will certainly miss the times and events Tom, Parker and I shared with Susie and Ron.*

*Blessings, Susie, in your new home!*

“ *Ron and all who read. I loved Susie, she had the funniest most clever personality. She loved large even though she suffered from many medical issues during her lifetime. I loved our visits during the last year and I probably overstayed my welcome, but enjoyed her company. She you later Sister... Love, Carole*
